☞ The Garrard County Justice Center ☞

The dedication of the Garrard County Justice Center completes a project that began when the Kentucky General Assembly authorized it in 2006 and approved its funding in 2008.

“It is a privilege to celebrate with the people of Garrard County as they dedicate this outstanding new justice center,” Chief Justice of Kentucky John D. Minton Jr. said.

“Since the early days of the commonwealth, Kentucky courthouses have held a special place as the center of our communities,” he added. “The Garrard County Justice Center will provide an efficient facility where citizens can carry out court business and seek access to justice. I appreciate the county leaders and state legislators who joined the Judicial Branch in making this project a reality.”

The justice center consists of approximately 40,473 square feet and includes space for Circuit Court, District Court, the Office of Circuit Court Clerk and ancillary services.

The new facility is designed to greatly enhance the delivery of court services. It is equipped with the latest computer, video and networking technology. The judicial center also provides the highest level of Kentucky court security through a single-point entry with magnetometers and security personnel. In addition, prisoners will be segregated from the public by separate entrances and corridors.

The Garrard County Justice Center was designed to meet the standards required by the Administrative Office of the Courts. The Brandstetter Carroll Inc. architectural firm of Lexington designed the building. Branscum Construction Co. of Russell Springs was the construction manager for the project and C.D. Bowling & Associates of Lexington is the financial agent.

As the administrative and fiscal agent for the state court system, the AOC oversees the construction and maintenance of court facilities statewide. The AOC also supports the activities of nearly 3,300 Kentucky Court of Justice employees and 403 elected justices, judges and circuit court clerks.
