œ The Laurel County Judicial Center œ

The dedication of the Laurel County Judicial Center completes a project that began when the Kentucky General Assembly authorized it in 2005 and approved its funding in 2006.

“It is a privilege to celebrate with the people of Laurel County as they dedicate this outstanding new judicial center,” Chief Justice of Kentucky John D. Minton Jr. said. “Since the early days of the commonwealth, Kentucky courthouses have held a special place as the center of our communities.

“Today we continue the tradition of providing a safe, modern facility where citizens can carry out court business and seek access to justice. I appreciate the county leaders and state legislators who joined the Judicial Branch in making this project a reality.”

The judicial center consists of approximately 86,200 square feet and includes space for Circuit Court, District Court, the Office of Circuit Court Clerk and ancillary services.

The new court facility increases the efficiency of services and public flow. It is equipped with the latest computer, video and networking technology. The design also provides the highest level of Kentucky court security through a single-point entry with magnetometers and security personnel. In addition, prisoners will be segregated from the public by separate entrances and corridors.

The Laurel County Judicial Center was designed to meet the standards required by the Administrative Office of the Courts. CMW Inc. of Lexington designed the judicial center. Codell Construction Co. of Winchester was the construction manager for the project and Ross, Sinclair & Associates LLC, which serves Kentucky and six other states, was the financial agent.

As the administrative and fiscal agent for the Kentucky Court of Justice, the AOC oversees the construction and maintenance of court facilities statewide. The AOC also supports the activities of approximately 3,400 Kentucky Court of Justice employees and 403 elected justices, judges and circuit court clerks.
