œ The Logan County Court of Justice œ

The dedication of the Logan County Court of Justice completes a project that began when the Kentucky General Assembly authorized the project in 2005 and approved its funding in 2006.

“It is a privilege to celebrate with the people of Logan County as they dedicate this outstanding new judicial center,” Chief Justice of Kentucky John D. Minton Jr. said. “Since the early days of the commonwealth, Kentucky courthouses have held a special place as the center of our communities.

“Today we continue the tradition of providing a safe, modern facility where citizens can carry out court business and seek access to justice. I appreciate the county leaders and state legislators who joined the Judicial Branch in making this project a reality.”

The judicial center consists of approximately 46,000 square feet and includes space for Circuit Court, District Court, the Office of Circuit Court Clerk and ancillary services.

The new court facility increases efficiency of services and public flow. It is equipped with the latest computer, video and networking technology. The design also provides the highest level of Kentucky court security through a single-point entry with magnetometers and security personnel. In addition, prisoners will be segregated from the public by separate entrances and corridors.

The Logan County Court of Justice was designed to meet the standards required by the Administrative Office of the Courts. The Sherman Carter Barnhart architectural firm of Lexington designed the judicial center. Codell Construction Co. of Winchester is the construction manager for the project and Ross, Sinclair & Associates, which serves Kentucky and six other states, is the financial agent.

As the administrative and fiscal agent for the Kentucky Court of Justice, the AOC oversees the construction and maintenance of court facilities statewide. The AOC also supports the activities of approximately 3,400 Kentucky Court of Justice employees and 403 elected justices, judges and circuit court clerks.
