

Supreme Court of Kentucky

2010-06

ORDER

IN RE: COURT OF JUSTICE RECORDS RETENTION SCHEDULE PILOT PROGRAM

By previous Order of this Court, Order 2007-05, the existing Court of Justice Records Retention Schedules Part I and Part II were rescinded and all court records of the Court of Justice were required to be retained until further order of the Chief Justice. The undersigned established the Kentucky Court of Justice Records Retention Committee, led by Court of Appeals Judge Thomas B. Wine, to review and make recommendations concerning the retention and destruction of court records. After receiving and reviewing the Committee's recommendations, Supreme Court Order 2009-04 was entered, making certain series numbers eligible for destruction under the same criteria as enumerated under the previous Kentucky Court of Justice Records Retention Schedule Part II.

After additional input from the Kentucky Court of Justice Records Retention Committee, the Administrative Office of the Courts ("AOC") has updated the Records Retention Schedule and has prepared programming changes to electronic reports generated within KYCourts II identifying files which are eligible for destruction.

Accordingly, under Section 110(5)(b) of the Constitution of Kentucky and KRS 26A.220-.220, it is ORDERED that the AOC is authorized to establish a pilot program to implement the Kentucky Court of Justice 1978-Present (Unified Court System) Records Retention Schedule, attached hereto and made a part of this Order, in such counties as the AOC deems appropriate. The purpose of this pilot program is to ensure, prior to the implementation of the Schedule statewide, that the above-referenced electronic reports properly reflect the programming changes and accurately identify files eligible for destruction.

Entered this the 7th day of June, 2010.

CHIEF JUSTICE
