**Introduction:** KRS 15A.062 requires the Justice and Public Safety Cabinet to establish the Fiscal Incentive Program designed to support local efforts to enhance public safety and reduce juvenile justice system costs. It is the intent of the Commonwealth to maintain public safety and achieve savings through the use of evidence-based treatment programs and practices at the local level and to reinvest a portion of the savings achieved into community-based programs and services. The Administrative Office of the Courts shall act as the fiscal agent to receive funds awarded to a judicial district, provide technical assistance to the judicial districts in developing and writing its grant application, and collect and report data the judicial districts are required to report under the fiscal incentive program. The Justice and Public Safety Cabinet shall establish the incentive grant application and award process.

**Eligibility:** Applicants must be judicial districts or groups of judicial districts having established local committees as described in KRS 15A.062 (4)(a)(1). Local committees shall consist of local individuals or organizations, which may include judges, county attorneys, defense attorneys, educators, treatment providers, mental health or behavioral health providers, local officials, law enforcement, and other interested parties. The local committee may utilize an existing committee or be formed for the purpose of the grant application and implementation. All applications must be signed as “Have Reviewed and Agree” by all juvenile court judges in the applicant’s judicial district or group of judicial districts. Failure to obtain all judicial signatures will result in a disqualification of the grant application. Grant applications will be limited to one (1) per judicial district or groups of districts. **Award Period:** Grants will initially be awarded for 18 months - January 1, 2018 through June 30, 2019. (Thereafter, will run fiscal year July 1, 2019 through June 30, 2020)

## **Overview and Purpose of the Juvenile Justice Fiscal Incentive Program:**

**Overview:** Senate Bill 200 (2014) became official legislation effective July 15, 2014. SB 200 provides for a more effective use of resources to hold youth accountable, achieve better outcomes for youth and their families, and maintain public safety. The provisions in the legislation were based on recommendations from the bi-partisan, inter-branch Unified Juvenile Code Task Force and extensive stakeholder input. The legislation seeks to improve outcomes in the juvenile justice system by expanding access to timely, quality treatment and supervision in the community, focusing the most important intensive resources on serious offenders, and enhancing data collection and oversight mechanisms to ensure the policies are working. As part of this legislation, the Fiscal Incentive Program was established in KRS 15A.062. As a result of the juvenile reform efforts, it is the intent of the Commonwealth to maintain public safety and achieve savings through the use of evidence-based treatment programs and practices at the local level and to reinvest a portion of the savings achieved into community-based programs and services. As a result of the reduction in youth population in the Department of Juvenile Justice, DJJ has realized \$4 million in savings. Twenty-five (25) percent of this savings - \$1 million – makes up the initial fiscal incentive fund. These funds will be used to fund local efforts that enhance public safety while reducing juvenile justice system costs. Ninety (90) percent of the funds shall be utilized for renewable, competitive grants to be awarded to judicial districts, or groups of judicial districts, for the purpose of establishing community-based services and treatment programs that provide alternatives to out-of-home placement. Ten (10) percent will be made available to judicial districts, or groups of judicial districts, not receiving funds under the ninety (90) percent, to fund individualized interventions on an occasional basis to avoid commitment to the Department of Juvenile Justice for a limited number of youth.

**Purpose:** The purpose of this grant opportunity is to award funding to local judicial districts, or groups of judicial districts, to establish community based services and treatment programs that provide alternatives to out-of-home placement. Applicants are encouraged to examine their local data from the previous fiscal years in order to understand the profiles of the youth who have been justice-involved and/or been placed in out-of-home programs, and who, with appropriate community-based services, could be served at home. Applicable data has been provided at Community Partner Meetings throughout the Commonwealth by the Administrative Office of the Courts and the Department of Juvenile Justice. Recipients of this grant opportunity will be employing evidence-based programming appropriate to the needs of youth in the community.

Bolstering a continuum of community support services and supervision has been shown to reduce recidivism, while promoting a positive relationship between youth, their families, and the community. Services may include, but not be limited to, family and community reintegration and prevention services, restorative justice programs, in-home/wraparound, afterschool/evening reporting, community work projects, basic life skills, job skills and employment training, job placement, educational support, as well as providing mentoring and apprenticeship opportunities.

**Statutory Program Purposes:**

**15A.062 Fiscal incentive program for local efforts to enhance public safety and reduce juvenile justice system costs:** [15A.062 to insert Statutory Program Purposes.pdf](#)

**Program Priorities:**

The design of the Fiscal Incentive Program focuses on the delivery of comprehensive strategies to support local efforts to enhance public safety and reduce juvenile justice system costs. Subrecipients shall seek to carry out strategies by forging lasting community partnerships with, but not limited to: The Department of Juvenile Justice, Administrative Office of the Courts, Cabinet for Health and Family Services, Local Schools and private entities serving children and families.

In shaping its strategies for the Fiscal Incentive Program funds, the Commonwealth of Kentucky seeks programs that:

- Uses evidence-based practices in program design;
- Reduces the use of commitments;
- Reduces the use of out-of-home placements;
- Reduces recidivism;
- Establishes or utilizes educational, vocational, substance abuse, behavior health, mental health, or family intervention services, and local alternatives to detention;
- Utilizes services that include, but are not limited to family and community reintegration and prevention services, restorative justice programs, in-home/wraparound, afterschool/ evening reporting, community work project, basic life skills, job skills and employment training, job placement, educational support as well as providing mentoring and apprenticeships opportunities.
- Supports a continuum of graduated responses (incentives and sanctions) in programs. Grants utilizing punitive sanctions, e.g. electric monitoring or physical discipline will not be considered; and
- Considers local Disproportionate Minority Contact (DMC) data and the impact it may have on the proposed programming/services.

Upon successful submission of an application, the authorized official will receive a confirmation email; this should be retained for their records. Applicants may also access the system after application submission to confirm status in the “Information” section or the screen header. If a user is unable to confirm application submission status, believes they have cancelled an application in error, or believes a system error has occurred that prevented successful submission, they should contact [askgmb@ky.gov](mailto:askgmb@ky.gov) well in advance of

the submission deadline in order to allow confirmation or further inquiry.

User error will not be considered sufficient justification for submission deadline reconsideration.

**Please note the following:**

- Subrecipients who submit delinquent quarterly progress or financial reports, could have an adverse effect on reimbursement and/or future applications. Refusal to send, or delay in sending, requested supporting financial documents will result in non-compliance and may negatively affect future grant funding.
- GMB will not grant extensions of the application due date.

**25. APPLICATION REVIEW AND APPROVAL PROCESS:**

When a completed application has been submitted, it will then be subject to programmatic and financial review. Applications are reviewed by appropriate GMB/DJJ staff and also by an independent review committee of subject matter experts using set review criteria and assigned point values specific to the program.

- A review committee of subject matter experts will review all completed applications for JJFIP Grant funding. An average score is determined from each reviewer's results, based on the criteria set forth here. Applications receiving an initial score of less than 70% will not be funded.
- Following the initial review and scoring of the application by the independent review committee, Justice staff will perform administrative review of the application.
- The Justice and Public Safety Cabinet retains discretion to request additional information or explanation from the applicant in order to complete the review of the application, OR to submit recommendations to the Secretary of the Justice and Public Safety Cabinet to approve awards with special conditions, not fund a program, fund an amount less or more than the amount sought up to a maximum of \$200,000, or some other action deemed appropriate by the Justice and Public Safety Cabinet based on evaluation of historical performance, management of grants, and overall funding available with which to make awards.
- Notification of further action needed by an applicant may be in the form of a system-generated message, written letter, email, or telephone call. Failure to respond in the time frame specified may result in the application not being further considered for funding during that application period. Responses to requests for follow-up information will be used to further consider the request for funding.

Final award recommendations are made by the Justice and Public Safety Cabinet after consideration of Cabinet priorities, application scores, prior performance and management of grants, and/or availability of grant funds with which to make awards. Final approval of all grant applications rests with the Secretary and/or the Executive Staff of the Commonwealth, who will provide GMB with approval to proceed with final funding decisions.

- After the awards have been approved and the award documents have been uploaded into eGMS, subrecipients have **15 business days** to download, sign and upload their signed contract, signifying acceptance of the award. Failure to do so may result in the award being withdrawn and the funds redistributed.

For additional information on the application review process, please access the Kentucky Justice and Public Safety Cabinet, Grants Management Branch, Policy and Procedure Manual at [www.justice.ky.gov/departments/gmb](http://www.justice.ky.gov/departments/gmb).

**27. AWARD PROCESS:**

Recipients of awards will be notified by U.S. Mail of their award, email, or eGMS award notification, generally by January 1st. Award announcements cannot be made without approval from the Secretary of the Justice and Public Safety Cabinet or the Governor. Recipients will receive further instructions on award acceptance from Grants Management Branch staff via phone, email, or U.S. Mail.

**28. POST-AWARD REQUIREMENTS:**

Planning Period: To allow for the successful integration of evidence-based services into juvenile justice operations, subrecipients will be allowed a planning period of 90 days, starting on the date of award approval. This will allow time for staff to be hired, trained, and contracts with service providers to be established. The planning period is optional and all new projects must be operational no later than 90 days from notification of grant approval. If subrecipient needs an extension of the planning period, a request may be submitted outlining reason for needed extension and new timeline for startup. AOC is available to assist through providing technical assistance and feedback during the planning period. ALL contracts will be established by AOC. NO contract shall be established or funds obligated without the approval of the AOC Financial Officer and will be in accordance with the financial guidelines included herein and the approved grant budget.

**29. EVALUATION AND MONITORING:**

Each program funded by the Kentucky Justice & Public Safety Cabinet under the JJFIP grant shall contain an evaluation component. Project Reports (required reporting of a subrecipient) will be analyzed for evaluation purposes. Some projects may receive intensive evaluations.

**Note: Subrecipient is required to report program specific data, through the quarterly progress reports via eGMS to ensure the Administrative Office of the Courts has the capacity to collect and report data the judicial districts are required to report under the fiscal incentive program.**

**30. SEGREGATION AND REPORTING REQUIREMENTS:**

Clearly segregated and enhanced tracking and reporting of JJFIP funds, outcomes, and benefit data are required through submission of financial and programmatic progress reports. Reports are due quarterly, by the 15th calendar day of the month following the close of a quarter.

Grants Management Branch monitoring includes desk review of financial and program reports submitted by the subrecipient on a quarterly basis and periodic on-site monitoring to review grant compliance, assess management controls, evaluate the applicable activities and provide technical assistance. In addition, the subrecipient agrees to maintain and provide any data or information requested for the purposes of monitoring and program evaluation. For additional information, see GMB Management Policies and Procedures Manual, [www.justice.ky.gov/departments/gmb/](http://www.justice.ky.gov/departments/gmb/).

**31. GENERAL FINANCIAL REQUIREMENTS AND INSTRUCTIONS:**

All JJFIP awards funded through the Grants Management Branch will be transferred to AOC for disbursement.

AOC will be responsible for all direct payments to vendors or subrecipients. All direct purchases should be made by AOC and in accordance with AOC processes. ALL contracts will be established by AOC. NO contract shall be established or funds obligated without the approval of the AOC Financial Officer and will be in accordance with the financial guidelines included herein and the approved grant budget.

Payments may be delayed if the recipient does not adhere to program and financial reporting requirements.

**32. ACCOUNTING SYSTEM:**

The recipient is responsible for establishing and maintaining an adequate system of accounting and internal controls for itself, and for ensuring that an adequate system exists for each of its subrecipients. An acceptable and adequate accounting system:

- Presents and classifies projected historical cost of the grant as required for

- budgetary and evaluation purposes;
- Provides cost and property control to ensure optimal use of funds;
- Controls funds and other resources to assure that the expenditure of funds and use of property conform to any general or special conditions that apply to the recipient;
- Meets the prescribed requirements for periodic financial reporting of operations; and
- Provides financial data for planning, control, measurement, and evaluation of direct and indirect cost.

**33. TOTAL COST BUDGETING AND ACCOUNTING:**

Accounting for all funds awarded by the agency shall be structured and executed on a “total program cost” basis. That is, total program costs, including federal funds, state and local matching shares, and any other fund sources included in the approved project budget or received as program income shall be the foundation for fiscal administration and accounting. Unless otherwise prohibited by statute, applications for funding and financial reports require budget and cost estimates on the basis of total costs.

**34. COMMINGLING OF FUNDS:**

Recipients and subrecipients are prohibited from commingling funds on either a program-by- program or project-by-project basis.

**35. SUPPLANTING:**

Programs cannot use JJFIP funds to supplant state and local funds that would otherwise be available for these purposes. These funds are intended to enhance or expand services, and are not intended to substitute for other sources of support. Please note the following:

- If a new person is going to be hired to conduct project activities (i.e., the department's personnel strength is increased), his/her salary may be charged to the project.

Funds specifically budgeted and/or received for one project may not be used to support another. Where a recipient’s or subrecipient’s accounting system cannot comply with this requirement, the recipient or subrecipient shall establish a system to provide adequate fund accountability for each project it has been awarded.

**36. LIABILITY INSURANCE:**

Agency liability insurance is considered to be an incidental expense, and may not be charged to the JJFIP grant. Professional liability insurance, such as for a nurse or therapist, is also not an allowable expense.

**37. BUDGET PREPARATION:**

- General Instructions:
  - a. The budget forms must be completed in detail, with amounts rounded to the nearest whole dollar.

- b. When preparing a proposed budget for JJFIP funds, please keep in mind all four budget categories: *Personnel, Contractual Services, Travel/Training, and Operating Expenses*.
- c. Consider your program goals and objectives and design the budget so that it may best suit the overall effectiveness of the program. It should also be noted that certain budget revisions may be required based on the availability of funds.
- d. Applicants for grants must submit a budget narrative. The budget narrative should detail by budget category. The purpose of the budget narrative is to relate items budgeted to project activities and to provide justification and explanation for budget items, including criteria and data used to arrive at the estimates for each budget category. **DO NOT SIMPLY RESTATE THE BUDGET.**
- e. Travel/Training and Operating Expenses require a method of computation for each request (e.g., travel—purpose, destination, lodging, mileage rates and per diem rates; operating expenses--rent, total square feet, space requirements per JJFIP staff person, total agency costs, allocation percentage).

**NOTE: A budget checklist is provided at the end of these guidelines to assist in completing the JJFIP application.**

- o The following are the four (4) budget categories allowable to cover costs associated with JJFIP Program funds:
  - i. PERSONNEL - Guidelines:
    - 1. No grants will be made to supplement salaries for existing positions. Charges of the employees' time assigned to grant projects may be reimbursed or recognized only to the extent they are directly and exclusively related to grant purposes. In no case is dual compensation allowable.
    - 2. Compensation for any funded position(s) through the fiscal incentive fund shall be consistent with the job class specifications outlined by the Commonwealth of Kentucky Personnel Cabinet. Wage/salary should be based upon knowledge, skills, abilities, associated education, training and experience required to successfully perform the job.
    - 3. Timesheets must be maintained and submitted for all grant funded personnel indicating activity and hours worked, with original signatures of both the employee and supervisor.

4. Completion of criminal background checks by the Kentucky State Police and Central Registry Checks completed by Cabinet for Health and Family Services on personnel is required; charges are associated with criminal background checks and central registry checks.
5. Where salaries apply to both project operation and non-project activity, or apply to two or more separate projects, pro-ration of costs to each activity must be made based on time and attendance reports. These timesheets must:
  - a. Reflect an after-the-fact distribution of the actual activity of each employee;
  - b. Account for the total activity for which each employee is compensated;
  - c. Be prepared at least monthly and coincide with one or more pay periods; and
  - d. Be signed by the employee and approved by a supervisory official having firsthand knowledge of the work performed.

**For example, a full-time employee working 40 hours per week reports 15 hours on the JJFIP grant-funded project, and 25 hours worked on other activities. 37.5% of the employee's salary for the week may be paid with JJFIP funds.**

6. Positions that existed prior to the grant and were funded from any source other than Grants Management Branch grant funds are not eligible for JJFIP grant funds. Existing employees of the applicant may be transferred from other positions to fill the positions in the grant project; however, the positions vacated must be filled by new hires so that the applicant's full staff of non-grant employees is not reduced in number by the award of the grant.
7. Payments for fringe benefits are allowable personnel costs and cannot exceed the amount paid by the employer. The fringe benefits must be reasonable and in line with state, city or county rates.
8. The personnel budget should clearly identify the responsible employer of all personnel. No personnel included in the proposed budget shall be an employee of the Administrative Office of the Courts.
9. PERSONNEL - Instructions:
  - a. Each position must be listed by title (and name of employee, if available), monthly salary rate for the employee, the percentage of the employee's time to be devoted to the project and total employee

cost for the project.

- b. Funded part-time positions (positions devoting less than 100% of a standard work shift to the grant project) should be supported by a brief explanation of the incumbent employee's duties outside the grant project or by a statement that the employee is not employed elsewhere by the subrecipient.
- c. Attach job description and resume of JJFIP Project Staff (or a placeholder document for unfilled or proposed new Staff positions).
- d. Documentation of fringe benefits must be submitted with the budget to reflect the actual rates being paid by the employer. The following are considered allowable benefits:
  - Health, Dental and Life Insurance, (Single Plan only)
  - FICA
  - Retirement
  - Worker's Compensation
  - Unemployment Insurance

10. PERSONNEL – Other (The following **cannot** be funded):

- a. Job placement/counseling services. Case management and crisis counseling which discusses employment issues or makes referrals to job placement/counseling services is allowable.
- b. Any activities that have a primarily recreational purpose.
- c. Fundraising activities.
- d. General informational presentations to the public with a primary purpose of prevention. Informational presentations must be primarily geared toward professionals, or to conducting outreach with target populations to notify them of services available through the grant project.

ii. **CONTRACTUAL SERVICES:**

- 1. Compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the market place. The maximum rate for consultants under Kentucky Justice and Public Safety Cabinet policy is \$650 (excluding travel and subsistence costs) for an 8-hour day or \$81.25 per hour. An 8-hour day may include preparation, evaluation and travel time in addition to the time required for the actual

performance. Additionally, travel and subsistence costs may be paid. A request for compensation for over \$450 per day requires prior approval and additional justification.

2. Contractual Arrangements with individuals must ensure that:
  - a. The contractual agreement is written, formal, proper and otherwise consistent with the applicant's usual practices.
  - b. Time and/or services for which payment will be made and rates of compensation must be supported by adequate documentation.
  - c. Travel and subsistence costs are at an identified rate consistent with the cost allowed in Section III, Travel.

iii. TRAVEL/TRAINING:

1. Training for persons (salaried or volunteer staff) who are identified as part of the JJFIP project staff is allowable. Allowable use of JJFIP funds is limited to staff development of direct service providers in individual projects to enhance their skills directly related to the program purpose area. Management training is not eligible. Whether or not training costs are budgeted under the grant application or staff funded, in whole or part, must meet the training requirement described on page 9.
2. Post-award use of Travel/Training funds may be used for transportation, subsistence and registration fees for applicants to attend conferences and training seminars. Travel must be approved through the original grant application or a subsequent grant adjustment notice. Requested travel expenses shall not exceed the established mileage and subsistence policy as set forth by the Commonwealth of Kentucky, Finance and Administration Cabinet. **Please see 200 KAR 2:006 and <http://finance.ky.gov/services/statewideacct/Pages/travel.aspx> for current rates and regulations.**
3. Transportation must be the most economical. Bus, subway and taxi fares are allowed for city travel. Commercial airline travel shall be coach/tourist class. Additional expense for first class travel will not be allowed. The cost of rental cars in lieu of ordinary transportation will be allowed only with acceptable justification. Actual parking, bridge and toll charges are reimbursable. Reasonable expenses for baggage handling, for delivery to or from a common carrier or lodging and for storage are reimbursable. Registration fees required for admittance to official travel meetings are reimbursable. If the fee entitles registrants to meals, claims for subsistence must be reduced accordingly. Telephone, tip charges, and laundry charges are not reimbursable with grant funds.

4. All expenses shall be supported by documentation that indicates destination, time and purpose of travel.

**NOTE: If the travel and reimbursement requirements of the applicant agency are more stringent than that of the Commonwealth, the more stringent of the two must be followed.**

iv. OPERATING EXPENSES:

1. Operating expenses include items necessary and essential for the ongoing operation of the project. Items must be individually listed and approved through the original grant application or in subsequent grant adjustment notices prior to the actual expense.
2. List items within this category by major type (e.g., office supplies, training materials, research forms, telephone and postage). Show basis for computation (“X” dollars per month for office supplies, “Y” dollars per person for training materials, “Z” dollars per month for telephone-long distance) on the budget narrative page. Large items should be separately listed and identified (e.g., unusual supply items, special printing or mailings required for project). On miscellaneous expenses, a specific itemization of each type of expense with basis of computation should be provided. Please show the allocation if only partially funded or used as match.

**Please note: If the applicant agency or a related party owns the space used by the program, the fair market rental value of the space cannot be used as match or reimbursed under the state share.**

3. Whether you own, rent or are donated the space used by the program, cost of ownership items such as utilities and security for a shelter are allowable. However, other costs such as: liability insurance on buildings; capital improvements; property losses and expenses; mortgage payments; real estate purchases; construction; and other indirect organizational costs such as depreciation, property taxes, maintenance, and janitorial will not be allowed.
4. Printing and distribution of brochures and similar announcements describing the direct services available and how they may be obtained is allowable.
5. The following items **cannot** be funded or used as match:
  - a. Janitorial, cleaning, and/or lawn care supplies.
  - b. Household items not specifically identifiable to the immediate crisis period.
  - c. Audit costs, even if required under OMB Circular A-133 and tax return fees.

- d. Equipment repair and maintenance for any item not purchased with JJFIP funds, excluding allocated copy contracts that include toner, supplies, etc.
- e. Some law enforcement equipment, such as uniforms, safety vests, shields, weapons, bullets, and armory.
- f. Accounting services.

**38. PROCUREMENT PROCEDURES:**

Applicants shall use procurement procedures and regulations as set forth by the Commonwealth of Kentucky, Finance Administration Cabinet. Please see <http://finance.ky.gov/services/eprocurement/Pages/default.aspx> for more information.

**NOTE: If the procurement policy of an agency is more restrictive than the Commonwealth's, the more restrictive of the two must be followed.**

**39. CASH CONTRIBUTIONS:**

Represent an applicant's cash outlay, including non-federal money contributed by public agencies and institutions, and private organizations and individuals. These items must be encumbered within the grant period.

**40. RECORD KEEPING: (If applicable)**

JJFIP recipients and their subrecipients must maintain records that clearly show the source, the amount, and the period during which the match was allocated. The basis for determining the value of personal services, materials and space must be documented. Volunteer services must be documented, and to the extent feasible, supported by the same methods used by the subrecipient for its own paid employees. Match is not a requirement of JJFIP funding.
